

STATEMENT OF ATTESTATION

Model: SR5909 Remote Control Transmitter

FCC ID: EF4 SHA24711

The equipment under test is a low powered remote control transmitter used as a replacement for the Stanley SecureCode® retail garage door operators. It is designed to send remote control signals to a garage door receiver. No supervisory signals or low battery functions are provided by this transmitter.

This equipment has been tested in accordance with the requirements contained in the appropriate Commission regulations. To the best of my knowledge, these tests were performed using measurement procedures consistent with industry or commission standards and demonstrate that the equipment complies with the appropriate standards. Each unit manufactured, imported or marketed, as defined in the Commission's regulations, will conform to the sample(s) tested within the variations that can be expected due to quantity production and testing on a statistical basis.

I further certify that the necessary measurements were made by Linear Corporation, 2055 Corte Del Nogal, Carlsbad, California. 92009.
