

NORTHWEST EMC, INC.

22975 NW Evergreen Parkway, Suite 400
Hillsboro, OR 97124

September 12, 2006

Dear Application Examiner:

On behalf of Intermec Technologies Corporation, Northwest EMC Inc is submitting this application for Intermec's Model CN3 handheld computer that contains a GSM/GPRS/EDGE radio module. Intermec is seeking a grant of certification for the CN3 under FCC ID: EHA-05CN3.

The radio utilizes a single PIFA type antenna. Intermec Technologies Corporation has provided antenna gain information over both frequency bands. For final use, the antenna will be internal to the device it is installed in.

The CN3 has been tested and found compliant to FCC Part 15B requirements for verification of the cellular band receiver, and DoC of the device as a PC or PC peripheral.

The technical reports and exhibits demonstrate compliance of the GSM/GPRS/EDGE radio module with FCC rules 47 CFR Part 22 and 24.

Your efforts in reviewing this application are greatly appreciated.

Best regards,

Northwest EMC, Inc.
