

The logo for Intermec, featuring the word "Intermec" in a bold, blue, sans-serif font, oriented vertically. To the right of the text is a stylized graphic of overlapping circles and lines in shades of blue and grey, resembling a network or orbital path.

Labège, 2^{sd} of June 2012

Dear Application Examiner,

Intermec technologies Corporation is submitting this application for the Class 2 Permissive Change of Intermec's Bluetooth transmitter, FCC ID :EHA-BTM312. Intermec technologies Corporation is requesting a class 2 permissive change to allow use of the Bluetooth module in bare cado reader SF51. SAR tests have been performed.

SF51 is power with a battery power, Li-Ion +3.7VDC. The Bluetooth module is integrated as it have been test during the full modular approval, same eantenna. The data read by the SF51 is send to the host via the Bluetooth.

Your effort in reviewing this application are greatly appreciated.

Best Regards, Virginie BENOS
