Overview

This application is for an original approval of Intermec Corporation's RFID radio models IM10, IM10G, FCC ID: EHA-IM10. The radio is a Frequency Hopping Spread Spectrum transmitter, operating under FCC 47 Cfr 15.247. Applicant is requesting limited modular approval, requiring professional installation. Exhibits have been submitted supporting the compliance of this device to the necessary requirements.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

A letter listing the applicable modular requirements was submitted.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
