

NORTHWEST EMC, INC.

22975 NW Evergreen Parkway, Suite 400
Hillsboro, OR 97124

December 20, 2005

Dear Application Examiner:

On behalf of Intermec Technologies Corporation, Northwest EMC, Inc. is submitting this application for a Class 2 Permissive Change for the 802.11(b)/(g) transmitter, FCC ID: EHA2610CF. It operates in the 2400-2483.5 MHz band. The transmitter, model number: 2610CF, is installed in Intermec's portable handheld computer, CN2B. It is co-located with the BTM210 Bluetooth radio, FCC ID: EHABTM210. The FCC filings under EHABTM210 include collocation evaluation with the 2610CF radio. However, the original FCC filings under EHA2610CF are for limited modular approval only. In order to demonstrate compliance, EMC and SAR testing was performed on the 2610CF in the CN2B collocated with the BTM210 radio.

The technical reports and exhibits demonstrate compliance for a Class 2 Permissive change of the 2610CF transmitter.

Your efforts in reviewing this application are greatly appreciated.

Best regards,

Northwest EMC, Inc.
