Overview

Intermec Technologies Corporation is submitting this application a class 2 permissive change to the original approval for FCC ID: EHADRCB, which is a limited modular approval with the CV30 computer as the host device. This application is to allow a new RF exposure configuration with a Bluetooth radio model BTM312, FCC ID: EHA-BTM312.

The model DRCB radio remains un-changed.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

A letter listing the applicable modular requirements was submitted.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
