

The logo for Intermec, featuring the word "Intermec" in a stylized, bold, blue font. To the right of the text is a graphic consisting of several overlapping, light blue circular lines that form a network-like structure. Below the main logo is a smaller, solid blue square containing a white circular graphic with a central dot and lines extending outwards.

**RE: Hardware status for FCC ID: EHASMC46 GSM/GPRS Module**

To whom it may concern,

The MC46 tri-band GSM module in Intermec's FCCID:EHASMC46 filing is electrically identical to the MC46 module that Siemens has approved under FCCID:QIPMC46. No modifications have been made to the MC46 radio module by Intermec.

Please Contact me if there are any questions.

Yours truly,

A handwritten signature in black ink that reads "Scott Holub". The signature is written in a cursive style with a large, prominent 'S' and 'H'.
