Dear Sir or Madam:

This application is for a Class II Permissive Change to the Intermec SMC46 module, (FCC id EHASMC46)

This Class II Permissive Change application is to permit co-location of the SMC46 module within the Intermec 700C Host with an RFID gun (FCC id EHARFID915PCC-6) and co-transmission between the 1900MHz and RFID transmitters. Co-transmission between the 850 MHz transmitter and RFID is inhibited by the respective device controllers.

Since the RFID is a hand held mobile device which the 700C host will sit on top of, this application is for a mobile Grant with a 20 cm separation from the body.

Sincerely,

Scott Holub
Regulatory Compliance Engineer III
