Attn: Director of Certification

Fujitsu Declaration

This is an attestation to declare the following:

- a. Fujitsu uses a Modular pre-certified INTEL Module with FCC ID PD97260H / IC 1000M-7260H. These IDs are not part of the system certification that Fujitsu is applying under FCC ID: EJE-WB0086 and IC: 337J-WB0086

However, the module certified by Intel is identical to the module Fujitsu uses.

Intel 7260HMW Model Number Attestation

Model 7260HMW
FCC ID: PD97260H and PD97260HU
IC: 1000M-7260H

This letter will attest that this device approved under the FCC and IC ID's above includes the family sub-models listed below and that all sub-models are manufactured electrically identical with no differences in populated components or PCB layout design. All model differences are strictly within programmed firmware. All firmware programming is performed at the factory prior to device shipment and cannot be modified or altered by OEMs, users or any third party. All testing results provided within this filing are applicable to all sub-models.

Model Number	Supported Modes
7260HMW	802.11a/b/g/n/ac + Bluetooth
7260HMW AN	802.11a/b/g/n + Bluetooth
7260HMW NB	802.11a/b/g/n, no Bluetooth
7260HMW BN	802.11/b/g/n + Bluetooth

- b. The Intel module that Fujitsu uses is Model: 7260HMW AN which is 802.11abgn and hence the 802.11ac test results of original Intel reports are not applicable to this device and should be disregarded.

Dated this 26th day of September, 2013.
