**Re: Certification of P728 FCC ID: EJE-WB0100, IC: 337J-WB0100**

This document describes the difference between the original certified host model and the new host model Notebook PC.

The changes are only in relation to the CPU chipset of the host unit. The Radio modules, Antennae and the Antennae positions are identical to the original certified products.

**The main reason for submitting this application is due to adding a family model P728 to the existing FCC and IC Certification Grant dated FCC 12/05/2016 and IC 12/05/2016**
