Read and follow all instructions in the documentation before you operate your system.

Chapter 1: Safety Information

Plastic bag notice

DANGER: Plastic bags can be dangerous. Keep plastic bags away from babies and children to avoid danger of suffocation.

Lithium-ion battery notice

DANGER: Danger of explosion, fire, leakage and other hazards.

- This remote control contains a rechargeable lithium-ion battery. Lithium ion batteries can explode if not properly used, handled, or disposed of. Do not attempt to remove the battery. Contact a Lenovo-authorized repair facility or technician.
- If the battery leaks, do not allow the leaking fluid to come into contact with eyes, skins or clothing. If the fluid is already in contact with the eyes, do not rub them. Rinse the eyes with clean water immediately and seek medical advice.

Child Safety

- **Choking hazard.** The remote and dongle are not toys. The remote contains batteries, which are small parts. Keep out of reach of children.
- **Keep batteries away from children.** If the lithium-ion battery is swallowed or placed inside any part of the body, seek medical care immediately.

Charging

Be sure the charging dock and remote control are well ventilated when in case or charging. Using damage cables or power adapters, or charging when moisture is present, can cause fire, electric shock, injury or damage to the remote control or other property. Avoid charging the device in direct sunlight.

Warnings Do not:

- Throw or immerse into water
- Heat to more than 100°C (212°F)
- Repair or disassemble
- Leave in an extremely low air pressure environment
- Leave in an extremely high-temperature environment

Chapter 2: Compliance Information

Direct current –

To indicate on the rating plate that the equipment is suitable for direct current only; to identify relevant terminals

For use only with UL Listed I.T.E. computer.

A utilisateur uniquement avec un ordinateur I.T.E. répertoire

North America

Federal Communications Commission Notice

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: 1. this device may not cause harmful interference. 2. This device must accept any interference received, including interference that may cause undesired operation.

Changes or modification not expressly approved by the grantee of this device could void the user's authority to operate the equipment.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter

Innovation, Science and Economic Development (ISED) Notice

This device complies with Innovation, Science and Economic Development Canada (ISED) licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Avis d'Innovation, Sciences et Développement économique Canada (ISED)
Le présent appareil est conforme aux CNR d'ISED applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Electromagnetic emission notices

This device has been tested and found to comply with the limits for a Class B digital device.

European Union conformity

EU contact: Lenovo (Slovakia),
Landererova 12, 811 09 Bratislava,
Slovakia

Compliance with the Radio Equipment Directive

Hereby, Lenovo (Singapore) Pte. Ltd., declares that the radio equipment type GPJ50L and GPJ110 is in compliance with Directive 2014/53/EU.

The full text of the system EU declaration of conformity is available at the following Internet address:

<https://www.lenovo.com/us/en/compliance/eu-doc>

This radio equipment operates with the following frequency bands and maximum radio-frequency power:

Technology	Frequency band [MHz]	Maximum transmit power
Non-specific Short Range Devices: 2.4GHz	2400 - 2483.5	< 10 dBm (10mW)

Radio frequency compliance information

Product models equipped with wireless communications comply with the radio frequency and safety standards of any country or region in which it has been approved for wireless use.

Chapter 3: Environmental Information

Recycling and environmental information

This section shows the recycling and environmental information for specific countries or regions.

Lenovo encourages owners of information technology (IT) equipment to responsibly recycle their equipment when it is no longer needed. Lenovo offers a variety of programs and services to assist equipment owners in recycling their IT products. For information on recycling Lenovo products, go to <https://www.lenovo.com/recycling>

For additional recycling and environmental statements, refer to your User Guide. The latest environmental information about our products is available at <https://www.lenovo.com/ecodeclaration>.

Disposal and Recycling

Dispose of the battery and accessories in accordance with local ordinances or regulations. The following statement applies to users in the state of California, U.S.A.

California Perchlorate Information:

Products containing manganese dioxide lithium coin-cell batteries may contain perchlorate.

Perchlorate Material - special handling may apply, see <https://www.dtsc.ca.gov/hazardouswaste/perchlorate>

Important battery and WEEE information

The WEEE and Batteries Directive symbols above means that according to local laws and regulations your product and its battery(ies) should be disposed of separately from household waste. When this product reaches its end of life, take it to a collection point designated by local authorities for safe disposal or recycling. The separate collection and recycling of your product, its electrical accessories, and its battery(ies) will help conserve natural resources, protect human health, and help the environment.

Restriction of Hazardous Substances (RoHS)

Directive

European Union RoHS

This Lenovo product, with included parts (cables, cords, and so on) meets the requirements of Directive 2015/863/EU on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 3).

For more information about Lenovo worldwide compliance on RoHS, go to: <https://www.lenovo.com/rohs-communication>
