GETTING STARTED

1. Insert power adapter into 18V power input port and plug power adapter into wall outlet.
2. Press the Power button to turn on. (⏻)
*You should hear music once it's turned on.
3. Plug nabi Microphone into MIC A or MIC B Input.

POWER SAVING MODE

nabi Karaoke Box will automatically power off and go into sleep mode after it has been idle for 5 minutes. You will need to press the power button to wake up nabi Karaoke Box from sleep mode.

MICROPHONE INPUTS

There are two microphone inputs (MIC A, MIC B) and two microphone volume control knobs (MIC A Volume, MIC B Volume). Each volume control knob can be used to adjust the volume of the corresponding microphone input.

Plug nabi Microphone into MIC A or MIC B and adjust the corresponding volume control knob to a suitable volume level before using the microphone.

To control the microphone echo length, adjust the echo time control knob.

BLUETOOTH MODE

Bluetooth is the default input audio source. In order to use Bluetooth, please make sure there are no cables plugged into the AUX port. To reset the Paired Device List (PDL), hold down on the Bluetooth pairing button and follow the instructions below.

USING THE Y - CABLE

For Charging:

Plug the nabi Connector into your nabi tablet and the USB cable into your nabi Karaoke Box.

*In order to charge your nabi tablet, nabi Karaoke Box must be plugged into a wall outlet.

For Audio:

Plug the nabi Connector into your nabi tablet and the 3.5mm audio cable into the AUX port on your nabi Karaoke Box.
