iBTW20 - Instruction Sheet - English

Color: Black text on white paper (1C + 1C)

Size: 102 W x 150 H mm

Material: 85gsm wood free paper

Oct 29, 2019

# TIMEBASE

Model: iBTW20 Wireless Charging + Speaker

\*Before use remove battery pull tab

from bottom panel.

Snooze (ZZZ)

### OVERVIEW

# Press to Snooze Alarm Wireless Charging

# REAR CONTROLS

Connect AC adapter to DC Jack, and plug into outlet.

## WIRELESS CHARGING

Qi compatible phones (also works with plastic cases up to 3mm thick)

Place Qi compatible device facing forward on the charging rest. Charging status will be indicated on

Rapid blinking LED: Device is not charging (reposition device) Slow blinking LED: Device is charging Solid LED: Device is fully charged

Note: LED may continue to blink slowly when iOS devices are fully charged.

CAUTION: Remove phone's metal protective case before charging. Do not place magnetic or metal objects on charger during charging.

**FCC Information** 

This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. This equipment compiles with FCC. RF radiation exposure limits set forth for an uncontrolled environment. This device compiles with Part 15 of the FCC Rules, operation is subject to the following two conditions.

Inia unvirse compiles with Part is of the Fuc. Rules, operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

\*\*Naming: Changes or modifications to this unit not expressly approved by the narry responsible for compilate and in the compilation of the compilation

- operate the equipment.

  Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules.

  These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio

However, there is no guarantee that interference will not occur in a particular installation, if this equipment does cause harmful interference to radio or television receiption within can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Recrietor reclocate the receiving antenna.

- Increase the separation between the equipment and receiver.
   Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
   Consult the dealer or an experienced radio/TV technician for help.

CAN ICES-3 (B) / NMB-3(B), CAN RSS216 / CNR-216

### IC Statement

This equipment complies with IC PSS-102 radiation exposure limits set forth for an uncontrolled environment

Inis equipment compiles with ic RSS-102 radiation exposure limits set forth for an uncontrolled environment. This device contrains licence-exempt transmitters/jeceiver(s) that comply with innovation. Science and Economic Development Canada's licence-evening RSS(s) Operation is subject to the following two conditions: (2) This device must accept any interference, including interference that may cause undesired operation of the device. The device mests the exemption from the routine evaluation limits in section 2.5 of RSS 102 and compliance with RSS-102 RF exposure, users can obtain Canadian information on RF exposure and compliance.

This equipment should be installed and operated with a minimum distance of 20 cm between the radiator and your body

Cet équipement est conforme aux limites d'exposition aux radiations IC CNR-102 établies pour un environnement non contrôlé.
L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation. Sciences et Développement

L'emetteur/recepteur exempt de ilecnic contenul dans le présent appareil est conforme aux CNR d'innovation, Sciencies et L'eveloppement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (2) L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. Le dispositif renontre l'exemption des limites courantes d'évaluation dans la section 2.5 de RSS 100 get la conformité à l'exposition de RSS-102 rf, utilisateurs peut obtenir l'information canadienne sur l'exposition et la conformité der rf. cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.

## WARNING

- Do not ingest the battery. Chemical Burn Hazard. This product contains a coin/button cell battery. If the coin/button cell battery is swallowed, it can cause severe internal burns in just 2 hours and can lead to death can be compared to the control of the contr
- INSTRUCTIONS.

  The socket-outlet shall be installed near the equipment and shall be easily accessible.

### IMPORTANT SAFFTY INSTRUCTIONS

Please beed all warning read and follow all instructions and keep these instructions handy for future reference."

- Do not use this product near water and clean only with dry cloth."
- 2 Do not block any ventilation openings. Install in accordance with the manufacturer's instructions."
- 3 Heat This product should be situated away from heat sources such as radiators, heat registers, stoves or other appliances (including amplifiers) that produce heat."
- 4 Only use attachments/accessories specified by the manufacturer."
- 5 Unplug this product during lightning storms or when unused for long periods of time."
- Damage Requiring Service This product should be serviced by qualified service personnel when:
- Plug has been damaged.
- 8 Objects have fallen into or liquid has been spilled into the enclosure.
- 9 The unit has been exposed to rain. The unit has been dropped or the enclosure damaged.
- 10 The unit exhibits a marked change in performance or does not operate normally.
- 11 No naked flame sources, such as lighted candles, should be placed on this product.
- 12. Attention should be drawn to the environmental aspects of battery disposal
- 13 This product is suitable for use in tropical and/or moderate climates.
- 14 WARNING: To reduce the risk of fire or electric shock, do not expose this product to rain or moisture.
- 15 Do not dispose of batteries in the household trash or fire.
