Dear Sir/Madam:

This letter is to acknowledge that per part 101.105(c)(5), this device is not permitted for mobile operation from 959.85 - 960MHz. Through system programming of the device there is control of the transmit frequencies for the application desired, to comply with this rule. The end user has no ability to change the channel outside of allowed licensed frequencies within the operator's service area.

Sincerely,

A handwritten signature in blue ink that reads "Jay R. Holcomb". The signature is fluid and cursive.
