Overview

The model 24HALOXF13, FCC ID: EOA—24HALOXF13, is a wireless hearing aid intended for use by the hearing impaired. The wireless features are used during the initial fitting of a hearing aid to program the hearing aid, and used during normal usage to communicate control information and digital audio to and from any properly configured BlueTooth Low Energy compliant accessory.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
