Address	6600 Washington Avenue South
City, State, Zip	Eden Prairie, MN 55344
Job Number	STAK0004
Model	200
FCC ID	EOA-TV
Agent	
Approval Type	Original
Equipment Class	DTS Digital Transmission System
Rule Part	15C

Overview

The model 200, FCC ID: EOA-TV, is an audio streamer for hearing aids. This application is for a class II permissive change, which is necessary because of minor changes to the circuit board and expansion of the frequency range of the device. The expansion of the frequency range is accomplished through a software (firmware) change and not by any hardware modification. The RF circuitry as well as the output power of the device remains unchanged.

Confidentiality requested for allowed files. Request is properly addressed and referenced.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
