Antenna Info

This file must contain the following information:

- a) Describe compliance of the device with the antenna requirements of paragraph 15.203 of the FCC rules and Industry Canada RSS-Gen, Issue 4.

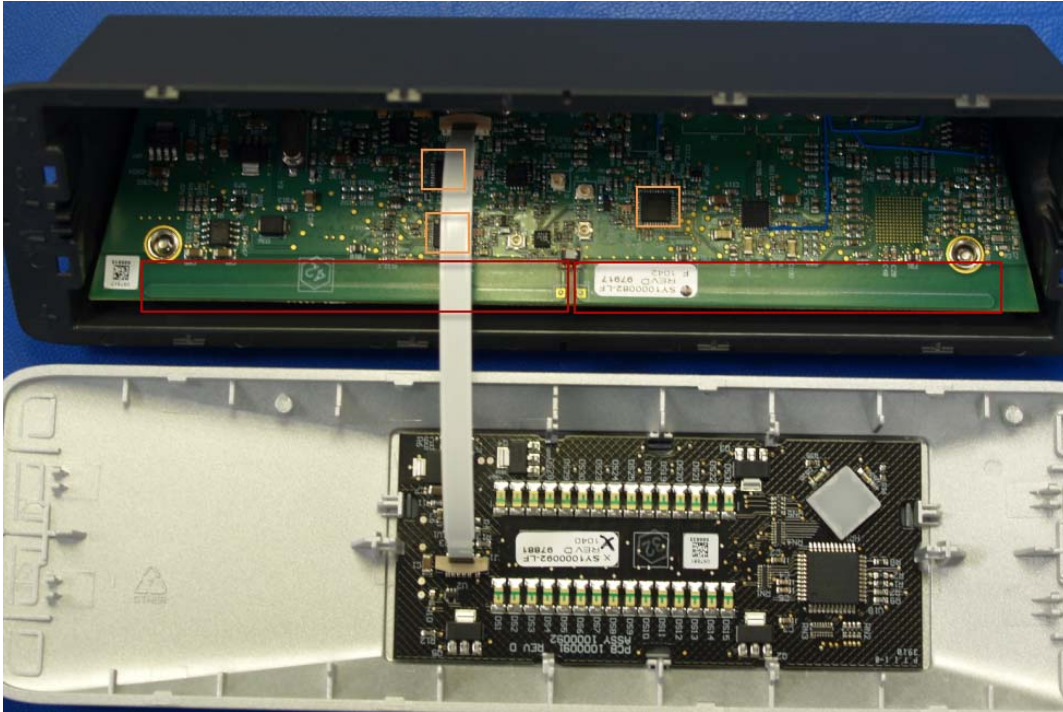

The SurfLink Media is in compliance as the antenna is not detachable or replaceable, it is an integral part of the Printed Circuit Board Assembly itself.

- b) A list of antennas to be used with the transmitter. Include manufacturer, model number, gain (dBi), description (e.g. dipole, yagi, etc.), and impedance.

Only one, the half wave dipole antenna that is an integral part of the Printed Circuit Board itself, +2dBi of gain, antenna impedance is 50 ohms.

- c) Drawing or photograph unless clear photos appear in the external photos exhibit

Picture with explanation is on the next page.

Radio IC shown inside orange box; RF signal path shown with red arrows; Antenna inside red boxes.
