Subject: First International Computer Inc., FCC ID: EUNLM13WL,
Assessment NO.: AN06T5877, Notice#1

Question #1: The FCC ID shown on the confidentiality letter is incorrect, please update the FCC ID label format.

(miro: Please find our updated Confidreq attached)

Question #2: The system schematic diagram is not readable, please resubmit a clearer version.

(miro: Please find our updated Schematics attached)

Question #3: This device contains a 802.11b/g radio only, but the user manual (page 6) contains a 5G RF exposure statement. Please explain.

(miro: Please find our updated User Manual attached)

Question #4: Please include all PCB boards into internal photos, please indicate antenna location on internal photos to clearly show why this device falls in mobile devices, instead of portable devices.

(miro: Please find our updated IntPhoto attached)

Question #5 : The test report (page 55) shows at 7246.52MHz peak result is 45 dBuV/m, QP result: 47.56 dBuV/m. Please explain why QP result is greater than the peak result.

(miro: Please find our updated KS060508A01-RP attached, we have tested again.)

Question #6 : Please submit additional test setup photo to show how antenna port conducted test was done.

(miro: Please find our updated SetupPhoto attached)

Thank you,

Helen Zhao
