	2005/02/24 02:16	主旨: FW: First International Computer
INC., FCC ID. EUNTZ:	300INTEL, Assessment AM	NO.: AN05T4574, Notice#1

-----Original Message-----From: Compliance Certification Services [mailto:MKuo@ccsemc.com] Sent: Wednesday, February 23, 2005 9:33 AM To: Mike Kuo Subject: First International Computer Inc., FCC ID: EUNT2300INTEL, Assessment NO.: AN05T4574, Notice#1

Question #1: During the radiated restricted bandedge tests, the offset value is 17dB which is the same as RF conducted tests. Please explain this 17dB offset value. ANS:conducted: bias-tee : 2.9dB ; cable loss : 4.13dB ; 10 dB attenuator. total 10+4.13+2.9=17

bandedge : cableloss+PRE-AMP+ANT factor : -2.94 dB ; 20 dB attenuator. total -2.94 +20 =17

Best Regards

Mike Kuo

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

This e-mail transmission is confidential and intended solely for being reviewed by the recipient(s) identified above. If you are not an identified recipient, please ensure that this communication remains confidential and promptly return it to the sender. Please contact immediately by phone (Tel: 886-2-2299-9720) for any problem with this transmission, Thank you for your attention.
