FCC Modular
characteristics_Mi...

Hi Chris,

Here are the replies to your questions on this application.

1. The Modular Approval request letter seems to imply that the device can be provided to the OEM without the antennas, where the test report documents 3 different antennas that could be provided with this module. Please update the Modular Approval cover letter to clarify that compliance with 15.203 compliance is ensured by requiring one of the approved antennas must be used with this module.

<CCS Answer:> Please see revised Modular Approval exhibit, attached.

2. Please confirm that the Main and Auxiliary antennas are only using diversity, where only one antenna will transmit at any one time.

<CCS Answer:> Confirmed, that the Main and Auxiliary antennas are only using diversity, where only one antenna will transmit at any one time.

Thanks.

Best regards,
September

Dear Michael Heckrotte,

You are listed as the Technical Contact for the above referenced TCB application. The following item(s) need(s) to be resolved before the review can be continued:

1. The Modular Approval request letter seems to imply that the device can be provided to the OEM without the antennas, where the test report documents 3 different antennas that could be provided with this module. Please update the Modular Approval cover letter to clarify that compliance with 15.203 compliance is ensured by requiring one of the approved antennas must be used with this module.

2. Please confirm that the Main and Auxiliary antennas are only using diversity, where only one antenna will transmit at any one time.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Best regards,

Chris Harvey
