Declaration of professional installation only for RF Exposure

Date: October 29, 2013

FCC ID : EW4W092
Applicant: Mitsumi Electric Co Ltd

To whom it may concern:

According to KDB447489D01(V05), SAR testing will be excluded if the test separation distance from the antenna and the outer surface of the device is greater than or equal to 8.29mm for the maximum tune-up tolerance (15.8mW [Average]). Please refer to RF Exposure sheet.

Considering this point, this module is only for the host device which meets this requirement. OEM Integrators will install based on the installation manual.

Thank you for your attention to this matter.

Sincerely,

Masashi Tsuchida
Mitsumi Electric Co Ltd
