Dear Sir / Madam:

Re: Application for a Class II Permissive Change filing with FCC ID:

Base: EW780-5656-00

Handset: EW780-5656-01

The purpose of this document is to describe the differences between Vtech 6863 and Vtech I6765. They are all VTech designed family models. Vtech I6765 is a new family model with same RF module as Vtech 6863. The major Change on RF circuitry is the replacement of Micolinear ML5824 by an equivalent transverter, Philips UAA3658.

For details, please see the attached file "Change Description.pdf" under Technical folder.

Sincerely,

A handwritten signature in black ink, appearing to read "Joseph Poon".

Joseph Poon
