Re: FCC ID: EW780-6044-02

To Whom It May Concern:

The following application is submitted on behalf of our client, VTech Telecommunications Ltd, for evaluation of model DTM602G for certification under FCC Part 15 Subpart D.

Test report *08-0466 – 15D Report.pdf* provides measurement data for radiated emissions, both intentional and unintentional, and AC power line conducted emissions according to Part 15 Subpart B, Part 15 Subpart C, and Part 15 Subpart D. Supplemental test report *HK09020342-1.pdf* includes all additional RF conducted and access protocol measurement data. The *HK09020342-1.pdf* supplemental test report represents the DTM602G with respect these measurements considering the DECT module used in the DTM602G is identical to that evaluated in the *HK09020342-1.pdf* test report. Together, both reports provide full compliance data to support Part 15 Subpart D certification.

Sincerely,
