FCC ID:EWQ100GDLAS

Dear Sir/Madam:

Itron herby requests a Class 2 Permissive change for an Automatic Meter Reading endpoint module for a utility gas meter, FCC ID:EWQ100GDLAS. This change is due part obsolescence and the replacement parts are a new style resulting in some component value changes to bring back the circuit to the original design. All emissions were evaluated with the change and remain compliant.

Sincerely,
