Subject: Request for new certification
FCC ID: EWQ500C0

Dear Sir/Madam:

Itron hereby requests a new certification for an Automatic Meter Reading endpoint device for utility meters, FCC ID: EWQ500C0. There are three models, a water pit package, a remote mount water model and a remote mount gas model. The three models use the same PC Board, though different plastic housings and digital interfaces to allow mounting and/or connecting on different manufacturer's utility meters. All emissions and related specifications were evaluated and are compliant. See reports included with this filing.

Sincerely,

A handwritten signature in black ink that reads "Jay R. Holcomb".
