FCC Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD 21046

Subject: COM 2000

The COM 2000 is a full-featured VHF transceiver designed for fixed panel installation. The COM 2000 uses a dual-heterodyne receiver and a three-stage transmitter. We are seeking original certification approval for this new product, the transmitter under rule part 87 and the receiver under rule part 18.

The majority of the testing was conducted at Val Avionics, Ltd. Headquarters, excluding Part 2.1053 Radiated Spurious Emissions, which was conducted at Northwest EMC, Inc. The unit tested is the same unit, serial number 20500, and has not been modified or changed in any of these tests.

FCC ID: EZN5PRCOM2000

Thank you,

James L. Harr, President
