Chief, Equipment Approval Services
Federal Communications Commission
P.O. Box 358315
Pittsburgh, PA 15251-5315

7941V, 7941P, 7941X family transceivers

This family of transceivers share a common schematic, BOM and PCB.

The only differences are cosmetic with different plastic enclosures.

Sincerely,

Minas Minassian
RF Engineering Manager
