Subject: FCC ID: F4ATHINQ1

Mr. Fujimoto:

In order for processing of this application (FCC ID: F4ATHINQ1) to continue, the following issue(s) will have to be addressed:

1) The user's manual suggests (on page 51 of the pdf) that the device is capable of operating on channels 12-14 as is allowed in Europe. Although it is stated that only channels 1 through 11 can be used in the United States, please indicate whether the user has the ability to operate on, and whether the user is given instructions for configuring the device to operate on, channels 12, 13, or 14, through a software and/or hardware change.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is F4ATHINQ1.

Best regards,

Scott McCutchan

| Correspondence Number | Memo |
|-----------------------|--|
| F4ATHINQ1 | 1. I am uploading an updated user manual. Also, the device is hard-coded at the factory with a limited range of channels 1-11. |
