Subject: Request for withholding from public disclosure pursuant to an
application for certification

To Whom It May Concern:

We, Quatech, Inc., would like to request that all schematics and block diagrams submitted with our application for certification be withheld from public disclosure per section 0.459 of the FCC rules.

This request is made under provisions of section 0.457 (d) of the Commissions rules, and section 552 (b)(4) of the Freedom of Information Act. These sections authorize the withholding from public inspection, those materials which would be privileged as a matter of law if retained by the person submitting them, and materials which would not customarily be released to the public by that person.

If you have any questions or need additional information, please feel free to call me at 330-655-9002.

Very truly yours,

Steven D. Runkel, CEO
Quatech, Inc.
