## Long Term Confidentiality Request Letter

June 22, 2010

RE: CONFIDENTIALITY REQUEST FOR  
**Quatech model WLRG-RA-DP601, FCC ID: F4AWLRG601**  
To Whom It May Concern:

This letter serves as an official request for confidentiality under sections 0.457 and 0.459 of CFR 47. We have requested that the **schematics Bill of Materials and PCB layout** required to be submitted with this application be permanently withheld from public review.

These documents contain detailed system and equipment descriptions and related information about the product, which Quatech, Inc. considers to be proprietary, confidential, and a custom design and otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, Quatech, Inc. feels that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give our competitors an unfair advantage in the market.

Please contact me if there is any information you may need.

Sincerely,

Christopher Myers  
Director of Engineering
