To Whom It May Concern:

This is to confirm that that the original test reports for Telit, Model H24 Cellular/PCS Transceiver, FCC ID: RI7T56KL1 (formerly known also as Motorola H24 with FCC ID: IHDT56KL1) accurately represent the test results under the new conditions when the respective radio module is integrated in the DSC 3G Alarm Communicator model 3G3070, 3G3070-RF or 3G3070-CF. By integration of the H24 module into the DSC 3G Alarm Communicator host no changes were made to it or by external adaptation circuitry that impacts the validity of the results of the original module's test reports.
