To Whom It May Concern:

Keypad Models WTK5504-433 and WTK5504P-433 use a touchscreen LCD to display the status of the of the DSC compatible alarm control units Models PC9155(D)(G)(I)-433, SCW9055/57-433 and Power Series.

The Models WTK5504-433 and WTK5504P-433 are all identical in construction and functionality with the exception of the model number.

The Model WTK5500P-433 includes also a magnet for use in conjunction with the Prox Tag Model PT4 for arming and disarming of the control units.

Despite the system configuration differences there should be no difference in RF performance and functionality of the WTK5504-433 and WTK5504P-433 Wireless Keypads for alarm system.

Respectfully yours,
