Subject: Use of LE910-NA1 documentation and FCC reports

Dear Sir or Madam:

Telit authorizes integrator/customer Digital Security Controls (DSC) to use the LE910-NA1 construction documentation (schematics, BOM, Block diagrams, etc.) and the FCC reports for FCC certification of their TL280LER/TL280LE/LE2080R/LE2080 Cellular Alarm Communicators.

DSC may use MPE, part 15, 22, 24, 27 test reports along with all necessary documentation pertinent to Telit radio module LE910-NA1 and is authorized to use the company name "Telit", product name "LE910-NA1" solely for the certification process of DSC models TL280LER/TL280LE/LE2080R/LE2080 which have the Telit LE910-NA1 embedded.

The Test Reports supplied by Telit to the FCC for our submission for grant are still representative of LE910-NA1 manufactured today.

If you have any questions or concerns feel free to contact me.

Sincerely,

Ken Bednasz
Vice President of Application Engineering
