Attn: Director of Certification

FCC ID: **F5323LC2034**
ISED certification number: **IC: 160A-LC2034**
HVINs/Models: **LC-203, LC-204**

Family Certification request letter

We hereby request Family Certification for the above mentioned HVINs/Models based on them being electrically, and physically identical apart from model name/number and the differences mentioned below:

1. Models LC-203 and LC-204 are using the same PCB assembly/layout Rev. 5.0 and the only difference is that the model LC-204 does not have populated the components for antimasking detection circuitry.
2. Model LC-203 and LC-204 use the same integrated module NJR4178 with the same antenna type and gain
3. Model LC-203 and LC-204 have the same plastic enclosure

The model LC-203 that is the fully populated variant in the family has been used for testing and the results are representative also for model LC-204.

Sincerely,

Signed
