CAUTION
DANGER/PELIGRO
WARNING: This device contains a high-voltage capacitor. Even after the power has been removed, the capacitor may retain a charge sufficient to cause a severe electric shock. Do not touch the capacitor or any internal components. To avoid the risk of electric shock, disconnect the power source before attempting to service this device. If you are not qualified to perform the service, contact a qualified technician. The manufacturer is not responsible for any damage or injury caused by the use of this device.
