Dear Mr. Dichoso:

We are writing in response to your request for further information concerning an application we submitted on behalf of Schlumberger Resource Management Services, Inc. to transfer the FCC Identification number of device F9CSCM3100.

On July 12, 2001, we received e-mail correspondence from you requesting further information regarding F9CSCM3100 (Reference No. 19913). Specifically, you requested that we submit a user or installation manual, and further information regarding the emissions of the device.

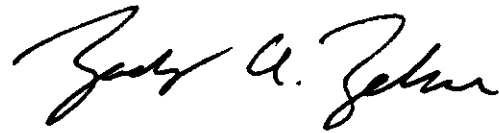

In response to the July 12, 2001 requests, we are uploading the owner's manual for the device into the "Users Manual" exhibit folder associated with the pending application in the Office of Engineering and Technology's ("OET") application database. In addition, we are uploading an Amended RF Emissions statement, which provides the specific information requested, into the "RF Exposure Info" exhibit folder on the OET application database.
