Federal Communications Commission  
7435 Oakland Mills Rd.  
Columbia, MD 21046

Dear Examiner:

This application for **FCC ID: FBR-TX216SYN-2** is for a new version of a previously approved product with **FCC ID: FBR-5FKRSPTX-1**. It is the same product in functionality as the previously approved product but there have been circuitry changes for product improvement. These changes consist of using new RF components and synthesizer technology to provide multi-channel capability (same frequencies used as the previous product) and to reduce cost. Performance including system timings is the same as the previous design for compatibility with older systems.

The product has been tested by D.L.S. Electronic Systems Inc. to confirm compliance.

Sincerely,

A handwritten signature in black ink that reads "Harry Derks". The signature is written in a cursive, flowing style.

Harry Derks  
Manager of Electronics Engineering  
Fleetwood Group Inc.
