

Listen to any Audio player **wirelessly** through your car FM radio or any other FM Receiver.

Setup Instruction

1. Install the included AAA batteries.
2. Tune your FM radio to one of the following channels: 88.1, 88.3, 88.5, 88.7 (choose the channel with the weakest radio station)
3. Set the Frequency Switch inside your FM Transmitter to the same channel selected from **step 2**
4. Plug the 3.5mm jack from the 'FM transmitter's into the audio output of your portable **CD player, MP3 player, iPod, DVD Player, TV player, Cell phone, Laptop**, or any device that you want to listen to over your car's FM radio system.
5. Press the Power Switch on your FM Transmitter (LED Indicator is on)
6. Enjoy your car radio's quality stereo sound while listening to your favorite portable audio device in your car.

Technical Support

We can be reached Monday through Friday from 7:30 AM to 11:00 AM and from 11:30 PM to 4:00 PM Pacific Time. If the customer support lines are busy or after hours, leave a message or send a FAX or E-MAIL and a representative will respond typically within 24 hours.

Genovation, Incorporated ("Genovation") warrants this product to be in good working order and free of defects in materials and workmanship under normal use for a period of one year from the date of purchase. Any implied warranties, including warranties of merchantability and fitness for a particular purpose, are limited in duration to a period of thirty (30) days from date of purchase. Any abuse including opening the case will void the warranty. Your sole remedy and Genovation's entire liability for this product will be repair or replacement as provided for above, or at Genovation's option, the refund of your purchase price. **A RETURN MATERIAL AUTHORIZATION (RMA) number is absolutely required before returning a product. Any shipment received without an RMA will be returned unopened. Please contact Customer Service for instructions before returning any product.** Genovation makes this software available and licenses its use to you world wide for use only with a single Genovation keypad.

FCC Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
