

## **Basic Information**

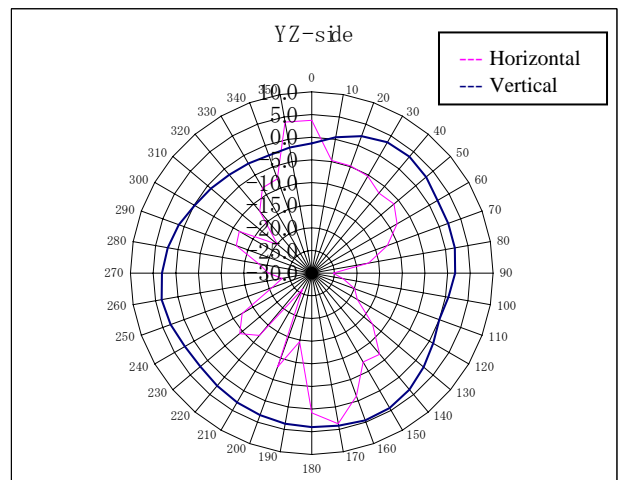

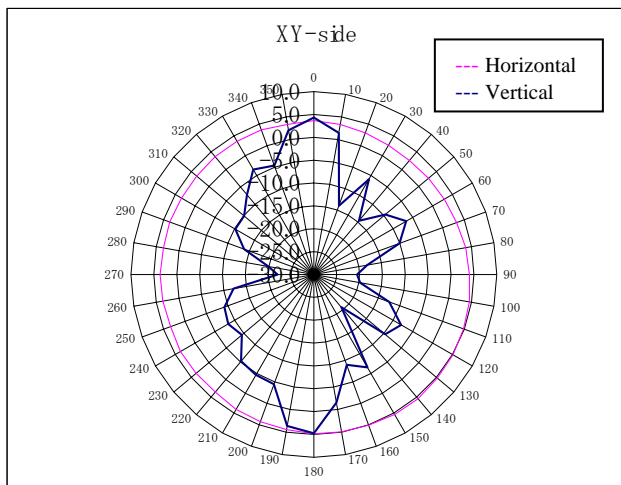

Brand Name: BUFFALO

Equipment Identification: AirStation 2.4GHz Wireless LAN for Indoor Use  
High Gain Non-Directional Antenna

Model Type: WLE-HG-NDR

# Specification

Item	Specification
Antenna Type	Sleeve Type Non-Directional Antenna
Polarization Type	Vertical Polarization
Connector Type	Exclusive Coaxial Connector
Cable Size / Length	1.5 D – FB / 1.5 m
Frequency Range	2412 – 2462 MHz (1 – 11 ch)
VSWR	Below 2.0 (including the Coaxial Cable)
Antenna Gain	4.7 dBi (including the cable loss) (Cable Loss: average 1.9 dB) (Component Gain: over 6 dBi)
Maximum Input Power	1 W
Direction	*Refer to the below charts.

## External Appearance

	Plastic Color	Paint Color	Texture ※2
①	Same as ④	Same as ④	TH-142A ※1
②	Same as ⑤	(no paint)	TH-150A ※1

※1 The texture number of TANAZAWA HAKKOSHA CO.,LTD.

※2 The specification of printing ③ and the area of texture determine by 4/8.
