Subject: Reply to correspondence no.:10488, please cancel the application of FCC ID FGF6453050002

Dear Miss Elliott,

How have you been? We are very sorry for making mistake during E-filing for the application of FCC ID FGF6453050002. We did not know what happened, the response to us showed ð Error, this application already existedð but actually we did not file this application before that time, and so we could not get the confirmation number and also could not keep going with the other procedures. Therefore, the applicant changed the ID and we file it again. Please kindly cancel this application of FCC ID FGF6453050002, for it has been changed to FGF502602, and this ID number was also filed into your record successfully. Sorry for troubling you and thank you very much.

Wish you a wonderful day and best regards,

K. C. Chen
