Equipment Authorization Branch
Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

Re: Amtech Systems Corporation
FCC Grantee Code: FIH

Dear Mr. Cobbs:

In accordance with Section 2.935 of the Commission's Rules, this is to notify the Commission that on June 11, 1998, Amtech Systems Corporation was sold to Intermec Technologies Corporation, a subsidiary of UNOVA, Inc. Thus, control of Amtech Systems Corporation has now changed. Amtech Systems Corporation will be known as the Amtech Systems Division of Intermec Technologies Corporation, which is owned by UNOVA, Inc.

The radio frequency equipment now manufactured by Amtech Systems Corporation will continue to be built by the company. The Amtech Systems Division of Intermec Technologies Corporation will continue to operate from manufacturing facilities and offices in Albuquerque, New Mexico, and employ the same quality control and engineering team. No change of address or change of name on the Commission's records is required. The seller in this transaction, Amtech Corporation, is expected to change its name in the near future.

Please contact me if you have any questions regarding this matter.

Sincerely,

Wesley M. Mays
Manager, Microwave Design
Regulatory Engineer
