SUBJECT: SIIG, INC.. - FCC ID: FK3USBCE071001

REFERENCE: JOB 1132TC2

Re: For Your Information

To Whom It May Concern:

This device complies with FCC Part 15, Section 239: Operation in the 88-108 MHz band.

This Rule states: The Field Strength of any emission shall not exceed 250 microvolts/meter at 3 meters or 48dBuV/m at 3 meters. However, the Test Report shows the emission level at 43.50 dBuV/m for this rule in error.

The device passes the Part 15, Section 239 at 48 dBuV/m.

Very truly yours,  
Frank (for)

Sid Sanders
