Dear Parent,

At **VTech**®, we know you love providing your children with the latest advancements in learning education, technology and fun. For this reason, we have developed the **InnoTV™**, our educational video gaming system for children aged 3-9. The **InnoTV™** features a child friendly, wireless controller that not only switches for left or right handed use, it is also a joystick, motion control and a smart wheel for a unique and varied gaming experience. Children can use their **InnoTV™** to engage in fun-filled learning experiences built just for them!

The Wi-Fi connection enables access to VTech's Learning Lodge™ to download games, videos and music. All the games for **InnoTV™** are curriculum-based offering a progressive learning experience that's age appropriate and full of fun. Bundled with the **InnoTV™** are single player games and multi-player challenges for all the family to enjoy together. Licensed software cartridges featuring all the favourite characters are available that work across both the **InnoTV™** and the **InnoTab® Max** so the fun can continue on the go. Entertaining games teach your child reading, maths, social studies, science and much, much more.

We are dedicated to helping your children uncover their talents and are proud to partner with you to open up a world of learning fun! We thank you for your trust in our products to encourage active minds through imaginative play.

Sincerely,

Your friends at **VTech**®

## Setting up the InnoTV™

Follow these steps to set up your InnoTV™:

1. Set up an Internet connection.
2. Your InnoTV™ console may require a firmware update before use. If this is the case, follow the instructions on-screen to download and install the firmware update.
3. Once installation is completed the console will restart, and you will be prompted to register your InnoTV™. Complete the necessary steps to register your console.
4. Don't forget to set a Parental Controls passcode when you've finished to prevent your child from accessing the console settings.

## Inserting/Removing Cartridges

Insert a cartridge into the cartridge slot on the top of the console. The cartridge should lock into place.

Press the  (Eject) button to remove the cartridge.
