# User Guide

This device provides special features designed for users with visual or hearing challenges. They can be enabled during setup from the Accessibility section of the Settings menu.

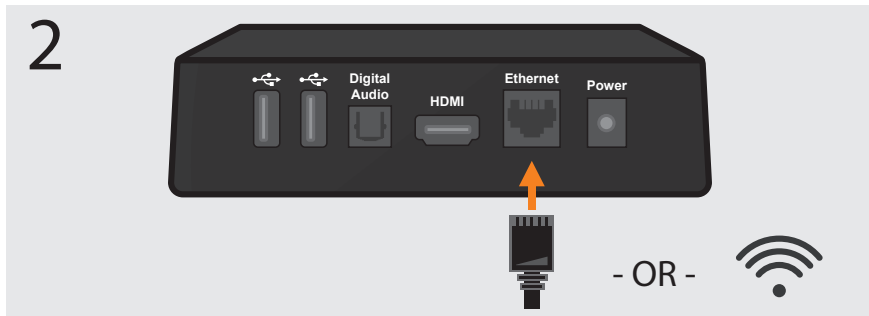

FEEL THE WONDER

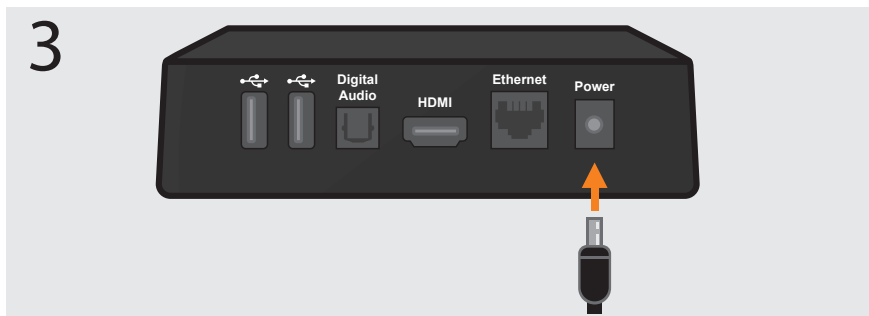

### 1 Connect to TV

Use the included HDMI cable to connect the device to your TV.

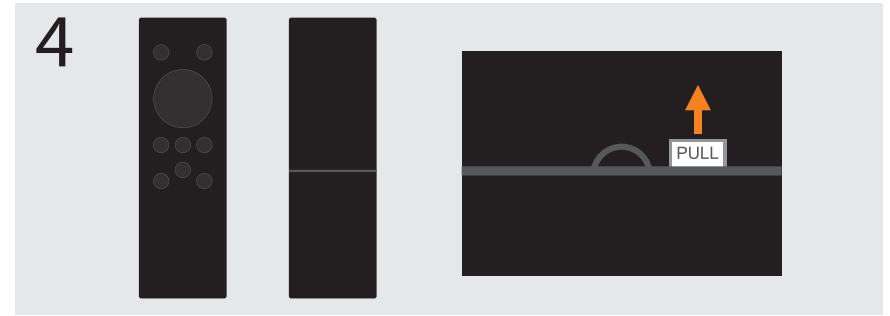

### 2 Connect to Internet

Use your Ethernet cable from your router.  
Or connect to your WiFi network during onscreen setup.

### 3 Connect to Power

Once connected, the light on the front of the device will turn on.

### 4 Activate the remote

Pull the plastic tab to activate the batteries.

### 5 Complete onscreen setup

Ensure the TV is set to accept input from the device.  
Follow the prompts to complete setup.
