?? : B.E.A INC, FCC ID: G9B-TD433PTRII, Assessment NO.: AN07T6452, Notice#1

Dear Colleagues,

The review of this application is complete. There were a few items noted. Note that items 1 and 2 require action by you. Action is not required for items 3 and 4, but please make note for future applications.

1. The FCCID label also shows an IC registration number, but no IC application is on file. Please explain if this device is already Industry Canada approved or if an IC application is forthcoming.

<Reply> We shall send the materials for IC Certification as soon .

2. The FCCID label must include the following text from section 15.19(a)(3) This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

<Reply> Please see the update label.

3. Please note for future applications that the duty cycle must be calculated using worst case 100 msec period. In this case the duty cycle was calculated using a 106 msec period. The relatively small difference in this case would not result in a non compliance, so no corrective action is necessary, but try to use 100 msec in the future

4. The limits shown on page appear to be slightly lower than the limits calculated from the formula on page 18. Since the limits shown are lower but are met, you need not change the report in this case, but in the future, try to use the correct limits.

Best regards,

Tim Dwyer

CCS Technical Reviewer

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
