Attention: Mr. Sid Sanders

Subject: FCC Part 15 Class "II" Permissive Change Filing for  
ATLINKS USA, Inc. - Model 25859XXX-A (Base Unit)  
FCC ID: G9H2-5838A  
Marstech Report No. 24142D

Reference: FCC ID: G9H2-5838A

Gentlemen:

We are herewith submitting a Part 15 Class "II" Permissive Change Filing for ATLINKS USA, Inc. for their Model 25859XXX-A (**base unit**) [where "XXX" is any letter or number which represents trade name, colour and packaging for marketing purposes].

The RF module of Model 25859XXX-A (base unit), a 900MHz single-line cordless telephone with caller ID, answering machine and speakerphone, is the same as previously registered Model 25838XXX-A except for TX and RX antennae.

In view of the above, all applicable tests in compliance with FCC Part 15 Rules have been completed on subject model with satisfactory results as shown in Exhibit D. The Model 25859XXX-A (base unit) will also bear the same FCC ID: G9H2-5838A as the Model 25838XXX-A (base unit).

Please also note that the Model 25859XXX-A meets the new rules (150KHz to 30MHz) FCC Power Line Conducted Limits.

Please review this project at your earliest convenience and please do not hesitate to call us at (416) 246-1116 should any problem arise.

Yours very truly,

MARSTECH LIMITED
