Attention: Mr. Sid Sanders

Subject: FCC Part 15 Class "II" Permissive Change Filing for
ATLINKS USA, Inc. - Model 26999XXX-A
Marstech Report No. 25079D

Reference: FCC ID: G9H2-6928D

Gentlemen:

We are herewith submitting a Part 15 Class "II" Permissive Change filing for ATLINKS USA, Inc. to cover additional Model 26999XXX-A [where "XXX" is any letter or number which represents trade name, colour and packaging for marketing purposes], for Part 15 certification.

The Model 26999XXX-A is a 900MHz single-line cordless telephone with caller ID and answering machine that operates from 902.100 MHz to 927.850 MHz. This model is identical to previously registered Model 26943XXX-A except for model designation, new base TX antenna, base and handset pcb layout change and base circuit added due to addition of answering machine feature.

In view of the above, all applicable tests in compliance with FCC Part 15 Rules were conducted on subject model with satisfactory results as shown in the enclosed report.

Please review this project at your earliest convenience and please do not hesitate to call us should any problem arise.

Yours very truly,

MARSTECH LIMITED
