

SETUP PHOTOGRAPHS

This document contains 7 photographs

Photograph No.1
Setup for spurious emission measurements in the anechoic chamber below 30 MHz

Photograph No.2
Setup for radiated emission measurements in the anechoic chamber from 30 to 1000 MHz

Photograph No.3
Setup for radiated emission measurements in the anechoic chamber above 1000 MHz

Photograph No.4
Setup for occupied bandwidth and spurious emission measurements at the OATS

Photograph No.5
Setup for spurious emission measurements at the OATS, EUT close view

Photograph No.6
Setup for conducted emission measurements on the power lines

Photograph No.7
Setup for conducted emission measurements on the power lines
