RE: FCC ID: GIFPI04
Applicant: Badger Meter, Inc.
Corr. Ref. #:
731 Confirm. #:
Date:

In reference to a request for certification from Badger Meter, Inc. for a Model number PI 400 Portable Interrogator (Hand-Held).

The Badger Meter, Inc. Model number PI 400 Portable Interrogator (Hand-Held) is categorically excluded from routine evaluation of RF exposure by design. The Badger Meter, Inc. Model number PI 400 Portable Interrogator (Hand-Held) operate at a distance of at least 5cm from a person's body, the design of the antenna of this device provides a minimum of 2.5cm from the person's hands, wrists, feet and ankles and the EIRP output power does not exceed 2W at less than 500MHz.

No deficiencies were noted during certification.
