Hi Mike,

Below is the reply for Compal LCD monitor TCB filing and if there has no other question please help to issue the grant asap, thank you.

For Q1, please refer to the attached test report, page 7 for the test configuration.

For Q2, please refer to the attached test report, page 9 for the test plot.

For Q3, please refer to the attached external and internal photos for details.

For Q4, as our understanding that FCC may accept the worst data even there have several test modes. And regarding this case, the test was done by verified three resolutions as report page 5 stated and recorded the worst case of 1024 as the final data 1024x768.

For Q5, no any special accessory will be connected and please refer to the EUT external photos to find out the EUT output ports for details.

By the way, attached please also find the original submission test report numbered B30709204 for reference.

Best Regards,

Lucy

Notice_content

Question #1: Please provide instrument setting used during the final radiated and AC line conducted tests.

Question #2: Please provide AC line conducted spectrum plots.

Question #3: Please provide external and internal photos of EUT.

Question #4: Based upon the test report, this device only investigated one resolution which is 1024 x 768 during the preliminary tests. Please provide 640x480 and 800 x 600 resolution test data.

Question #5: Is any special accessories used on the EUT per the definition of section 15.27 of FCC rules.

For your information : In the test report, it refer to different test report (B30709204), if there is any information shall be used to support the regulatory product compliance, please submit such information. TCB can not associate information with your internal document.

Best Regards

Mike Kuo

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
